As a highly motivated **Frontend Developer**, my objective is to utilize my skills and experience to create exceptional user experiences through clean, efficient, and visually appealing web designs. I am passionate about staying up-to date with the latest technologies and trends in the industry, and I am committed to delivering high-quality work that exceeds client expectations.

## Experience

12/2022 - Present

**Support Mentor - Web Brain Academy, Tashkent**

02/2023 - 05/2023

**Frontend Developer - Houzing project, Tashkent**

- Designed and implemented a new user interface for a web application resulting in a 30% increase in user engagement.
- Optimized website load times by reducing image sizes and implementing lazy loading, resulting in a 50% decrease in page load times.
- Led the integration of a new third-party API, allowing for real-time data updates on the website and improving overall functionality for users.

05/2023 - Present

**Frontend Developer - CRM System, Tashkent**

- Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences.
- Develop project concepts and maintain optimal workflow.
- Work with senior developer to manage large, complex design projects for corporate clients.
- Complete detailed programming and development tasks for front end public and internal websites as well as challenging back-end server code.
- Carry out quality assurance tests to discover errors and optimize usability.
